MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Representative Daddario's Interest in the Case  
of [REDACTED]  
25X1A

25X1A 1. Representative Emilio Q. Daddario (D., Conn.) has queried us  
25X1A about his old OSS colleague [REDACTED] who has asked Daddario's help  
in getting some sort of a Federal position. Daddario is puzzled as to why  
[REDACTED] who claims to have been involved with us from 1963-1967, should  
now need help in getting a job.

25X1A 2. [REDACTED] 25X1A tells me that [REDACTED] was indeed involved in a  
25X1A sensitive project with us from 1963-1967 which was terminated through  
25X1A no fault of [REDACTED] thinks [REDACTED] needs and deserves help.  
25X1A I therefore propose telling Daddario on an FYI basis that [REDACTED] did  
indeed serve us usefully from 1963-1967, that our relations were termi-  
nated through no fault of his, that we understand he is in financial need  
and we consider his case deserving of any assistance Daddario might offer.

3. However I understand you may have had a personal interest in  
the case and would appreciate your OK before proceeding as suggested.

25X1A [REDACTED]
